Computers for Seniors Chris Ewin 2017-10-17 Computers for Seniors is a step-by-step guide that will take you all the way from pressing the "On" button on your new computer to being a confident user who can send

email to family and friends, shop online safely, read the latest news, watch funny YouTube videos, share cute pictures of your grandkids, check the weather forecast, and much more. You'll learn to: -Plug in, set up, and turn on your computer -Print and share photos of your grandkids, vacations, pets, friends, and special life events -Install helpful tools like a calendar, money manager, and weather tracker -Search the internet for news, recipes, gardening tips, sports updates, and anything else that interests you -Watch entertaining YouTube videos or educational lectures and make video calls to anywhere in the world -Find and listen to new music (or your favorite classics) and read electronic books -Email your friends and family -Stay safe online and keep your private information secure Computers for Seniors will show you how to get what you really want from your PC, with the help of full-color illustrations, friendly instructions, and a touch of humor. Each lesson has small exercises to test your skills and help you practice, to make sure you feel comfortable with what you've learned before you move on. It's never too late to have fun and get more out of your PC—Computers for Seniors will ease you into the computer generation by guiding you every step of the way.

The iPad Pro for Seniors Brian Norman 2018-11-11 The iPad does everything...but what if you don't want to do everything?! Sure, it's great that you can log into a private network or set up an iMAP / POP email account--but what if you are retired and just want to know the basics--like how to do a group Facetime with all the grandkids! This book walks you through what you need to know step-by-step--including how navigation works now that the Home button is gone on some of the iPad Pros. It covers only what you need to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. This book is based on the bestselling book "The Ridiculously Simple Guide to the Next Generation iPad Pro" but includes sections specifically for seniors (including accessibility features that make text easier to see). Are you ready to start enjoying your new iPad Pro? Then let's get started! Note: This book is not endorsed by Apple and should be considered unofficial.

GarageBand For Dummies is your go-to guide to navigating the interface and making the tweaks to create your own songs. Look inside to discover how to lay down a beat with the virtual drum kits, layer on sweet sounds with built-in virtual instruments, and attach simple hardware to record vocals or live instruments on a Mac, iPad, or even an iPhone. Use built-in instruments to create a song Attach your guitar or mic to record live sounds Export your final product or individual tracks Add effects and edit your song GarageBand is the simplest way to create basic tracks without investing in costly hardware and learning a complex digital audio workstation software package—and this book shows you how.

Lean Six Sigma For Dummies John Morgan 2010-11-18 With the growing business industry there is a large demand for greater speed and quality,

for projects of all natures in both small and large businesses. Lean Six Sigma is the result of the combination of the two best-known improvement methods: Six Sigma (making work better, of higher quality) and Lean (making work faster, more efficient). Lean Six Sigma For Dummies outlines the key concepts in plain English, and shows you how to use the right tools, in the right place, and in the right way, not just in improvement and design projects, but also in your day-to-day activities. It shows you how to ensure the key principles and concepts of Lean Six Sigma become a natural part of how you do things so you can get the best out of your business and accomplish your goals better, faster and cheaper. About the author John Morgan has been a Director of Catalyst Consulting, Europe's leading provider of lean Six Sigma solutions for 10 years. Martin Brenig-Jones is also a Director at Catalyst Consulting. He is an expert in Quality and Change Management and has worked in the field for 16 years.

iPad For Seniors For Dummies Nancy C. Muir 2015-12-11 Break out your reading glasses—iPad instructions for seniors are here! Tired of taking out the instructions for new tech gadgets, only to have the drab, eight point font prove basically illegible? Don't fret—the solution is finally here! iPad For Seniors For Dummies, 8th Edition uses a larger font for both the text and its full-color figures and drawings, making this the perfect resource for new iPad owners in their golden years. The updated content walks you through the setup process and introduces you to the iPad's new hardware. Additionally, it runs through all of the features and functions of your iPad, including accessibility features, notes, the calendar, maps, surfing the web, email, buying new apps, downloading iBooks and iTunes, watching videos, and more. iPads are immensely popular—and for great reason; iPads are wonderful means of communication and entertainment for all ages, including seniors. Learning to use your iPad's features and functions can greatly enrich your iPad experience! Access updated coverage specifically developed for the latest generation of iPad products Review the use of each function and feature, ensuring that you get the most out of your new iPad Explore information about software, hardware, and the latest features of the updated iOS Stay engaged throughout the entire

book with a straightforward but fun writing style and plenty of full-color graphics iPad For Seniors For Dummies, 8th Edition is the perfect guide for the over-50 group who are either using an iPad for the first time or are upgrading to the latest iPad model.
